

New Wind Release Real Estate Sign

Patented Wind Release Hinge, Aviator Sign Board, Durable Vinyl Post, Easy Installation

Product Info

Every real estate professional knows the importance of curb appeal and making an excellent first impression. The new real estate sign creates both with an impressive, modern look and a new clean, sleek design. The patented wind release hinge allows the sign to flex in inclement weather. It is easy to install and set up takes just a few minutes.

The new Aviator Sign Board is 40% larger than the average real estate sign. Durable, light weight smooth plastic that prints beautiful full color graphics and will stand up to the harshest weather conditions. No more dents, scratches or lost metal signs which will save you additional time and money.

The optional LED lights really set you apart from the competition and get your listing noticed, day and night.

Dimensions

Graphic Dimensions - Vertical	24" W x 29" H
